## **Headteacher's News**

What a challenging week it has been with the adverse weather conditions impacting our area! Despite the disruptions, I am incredibly proud of the resilience and dedication shown by our staff to keep the school open and maintain a sense of normality for our children.

The delayed starts earlier in the week allowed everyone to arrive safely, and I want to thank you for your understanding and cooperation during these adjustments. It has enabled us to get back to learning as quickly as possible.

As we move into next week, I am pleased to share that our usual routines, including reading records, homework, and other systems, will fully resume.

Finally, I hope you all have a safe and restful weekend. Please take care on the roads and paths, and we look forward to welcoming everyone back to school on Monday.

Mr Farrar

## **Our Value for this half term is [Friendship](#)**

Today, I welcomed the children back fully. We talked about how a bunch of ingredients, when put together, can make something special – just like the

ingredients needed to make a good friend. The children were confident in sharing what qualities make a good friend, and it was heartening to see how well they understand this concept

Attendance has been challenging this week due to icy conditions, but we appreciate those who made the effort to get their children to school. The weather has affected different areas to varying extents. Parents who informed us about their child's absence have had an attendance code applied that won't negatively affect their record. However, please remember that missed school means lost learning, which can impact your child's progress.

## **Job Opportunity Due to Retirement**

A job advert has been released for a position in the school office due to an impending retirement. For more details, please see the link below:
